Laia Baldoví Murcia

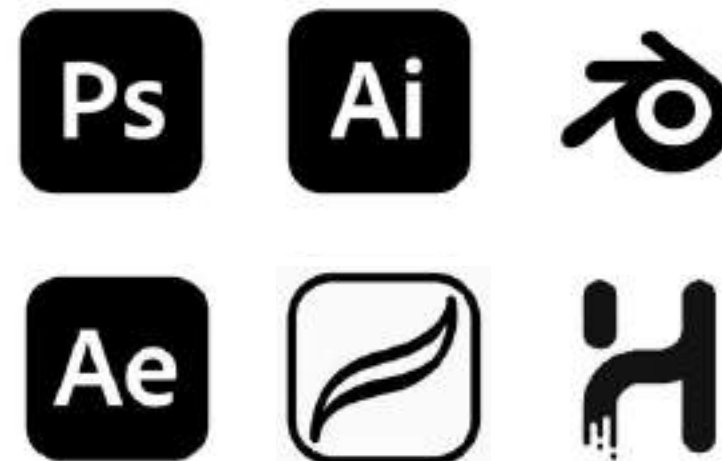

Background artist / concept artist

Hello, I'm Laia, a final-year student in **Design and Creative Technologies** at the **Universitat Politècnica de València**.

I specialize in background painting and layout for animation. I love plein air painting and natural environments. You can count on me to translate any idea into effective visuals ready for production.

Enviroment desing based on a script

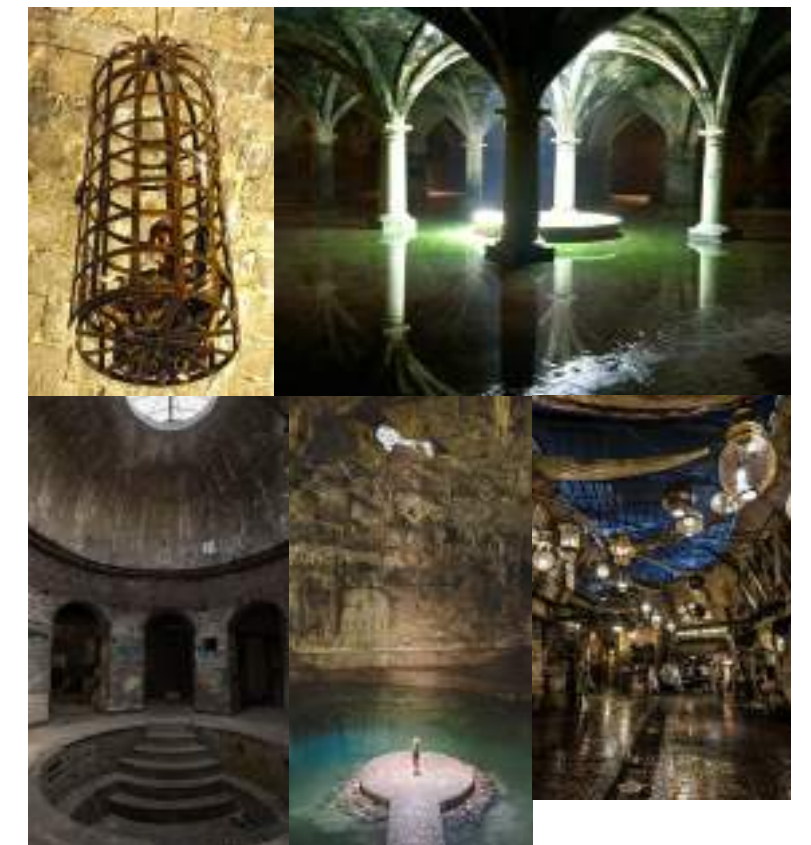

The script follows two characters walking through a dungeon to visit a group of prisoners. The project brief included a very simple sketch from the director and a note suggesting that the space should evoke the dome from Mad Max Beyond Thunderdome. The goal of this project was to create an original environment to serve as a visual reference before the storyboard stage.

*Enviroment desing
based on a script
(final result)*

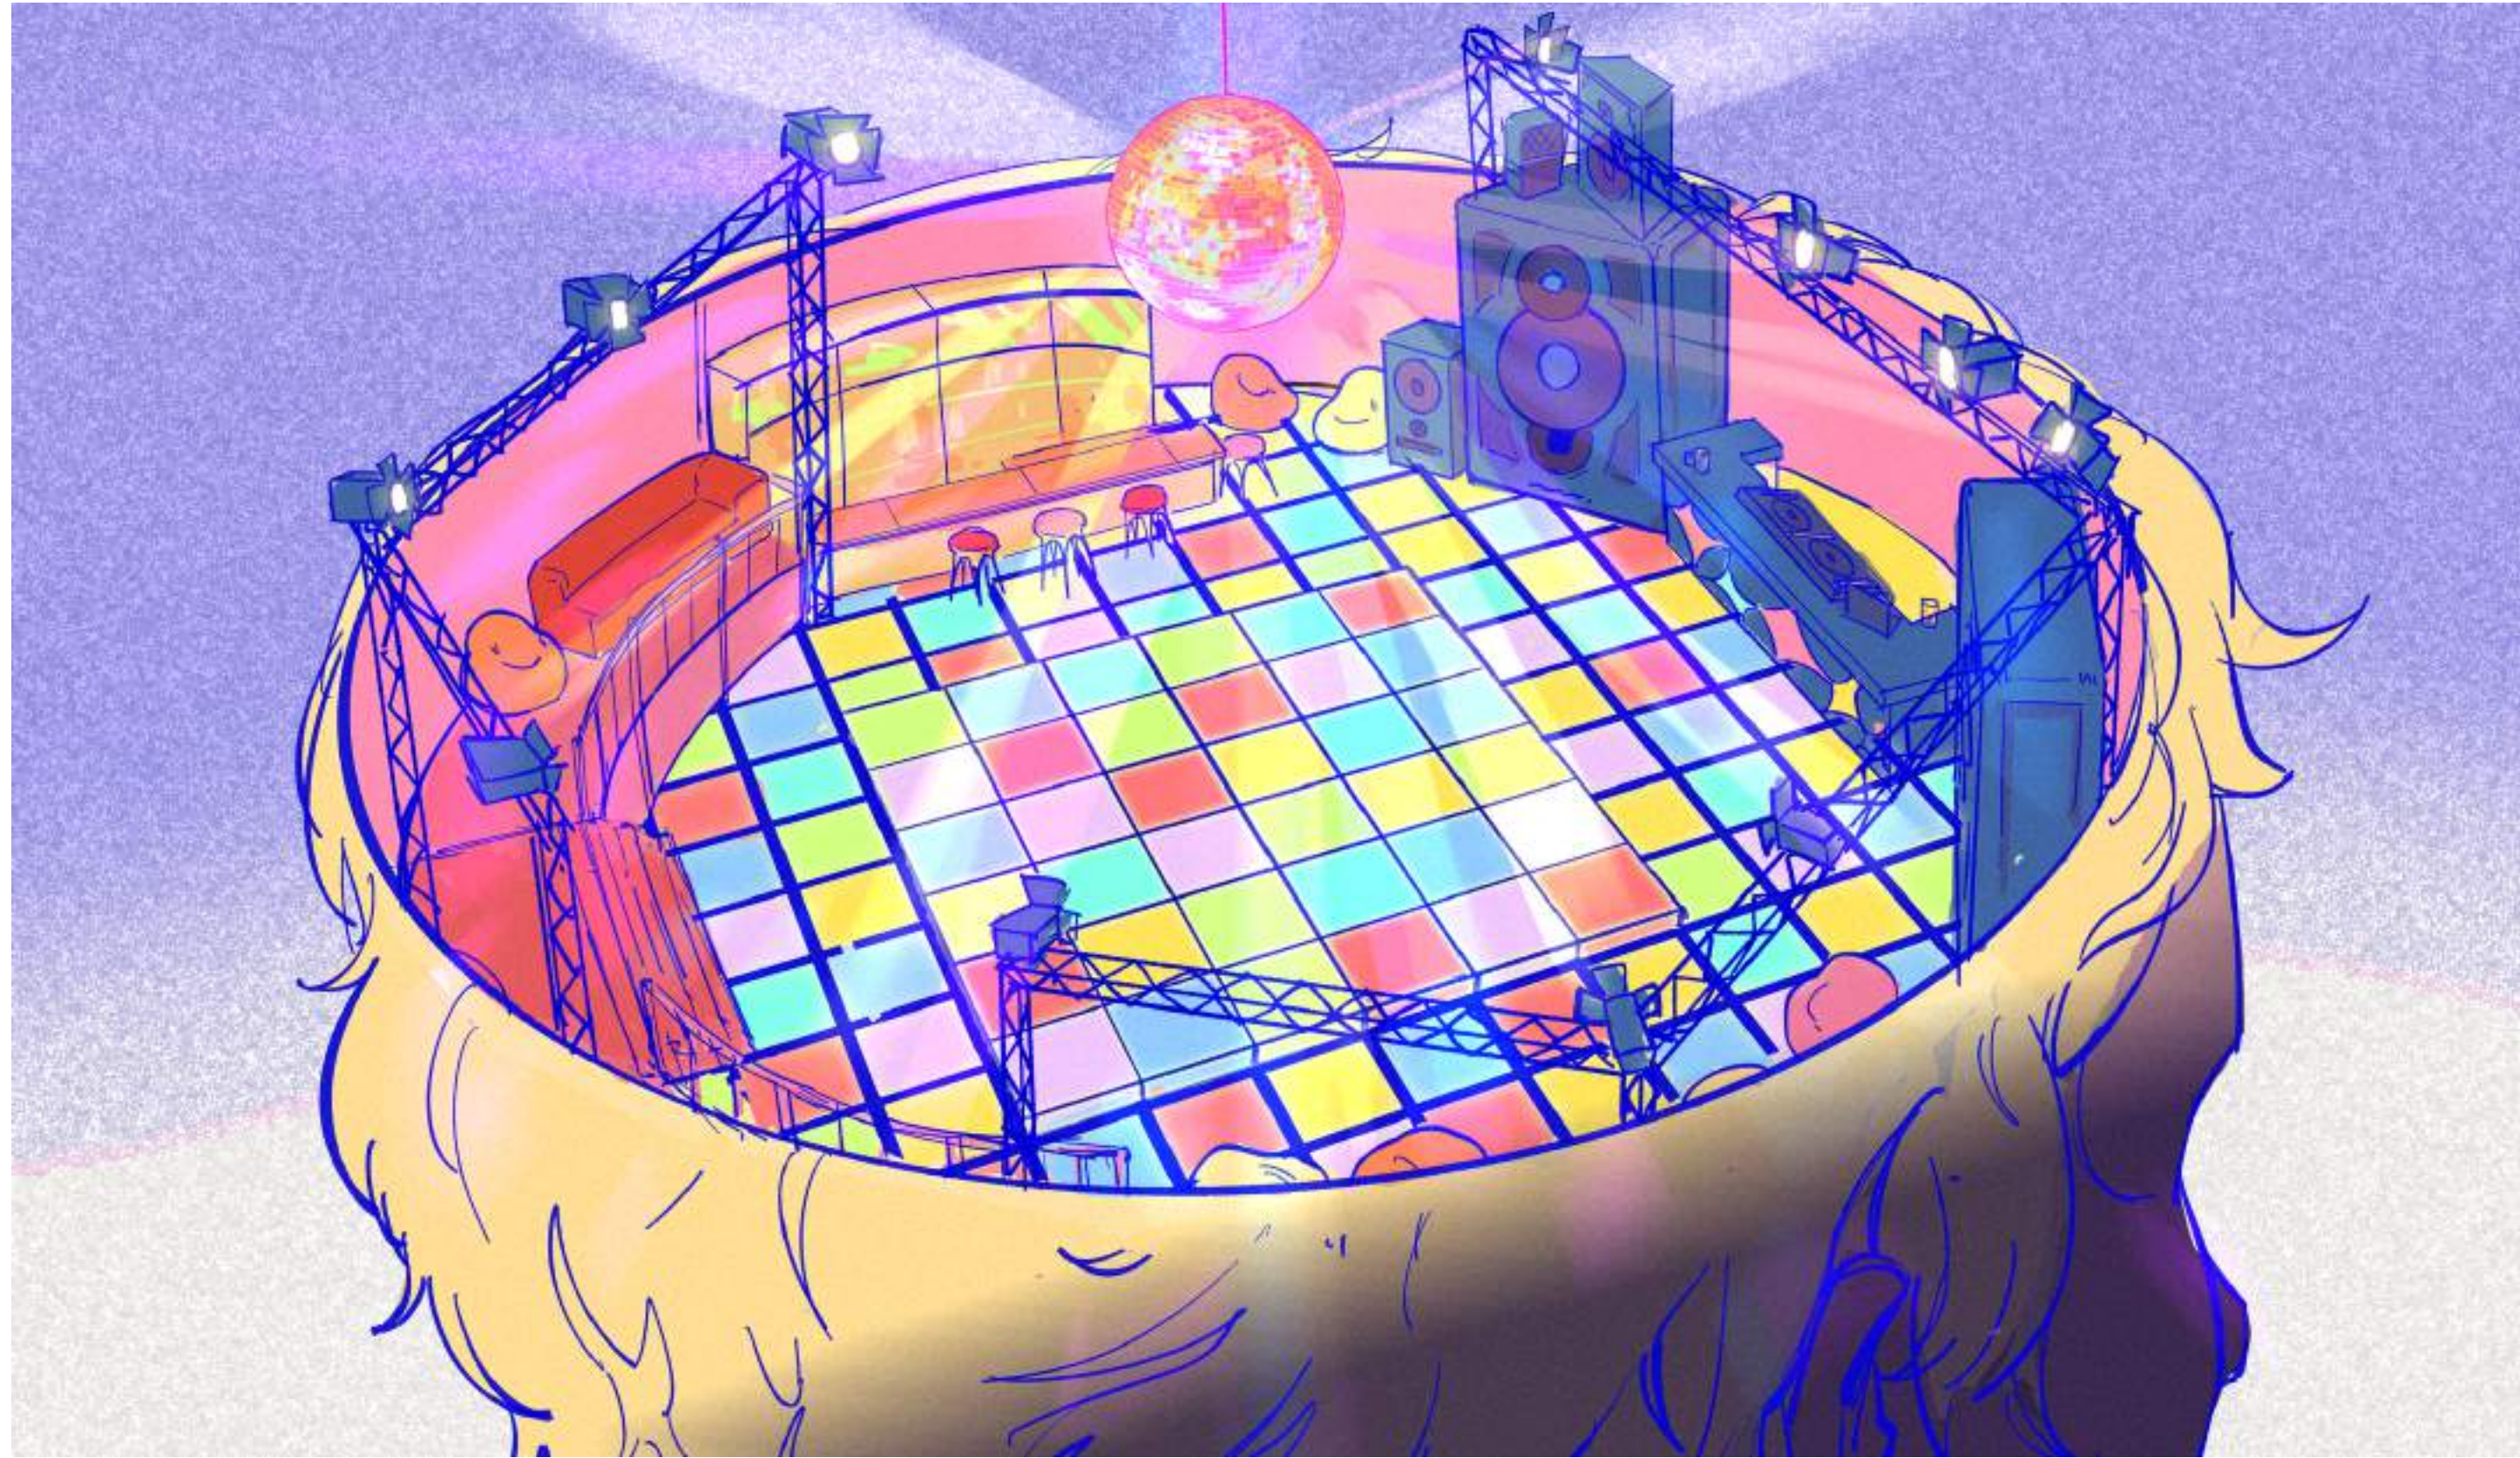

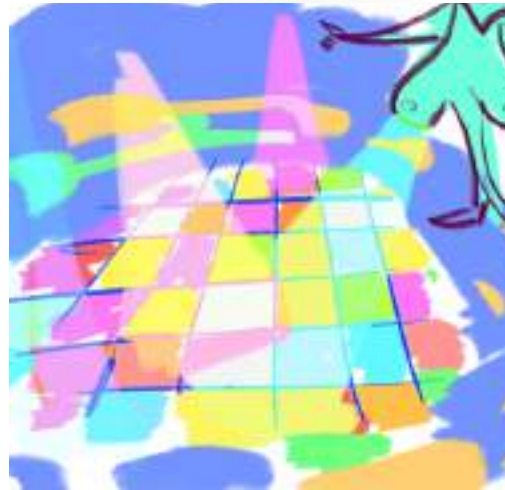

References:

Bumper for **Prime the Animation!14**

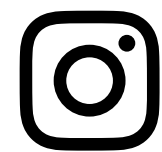

Development and production project for an original animated bumper for an animation festival.

Thanks!
